Administration Manager

The Rockin' Report from the Desk of Dr. Windish

Our last session of SPACE TEAMS, for this second session, will be on March 27, 2019. This schoolwide enrichment program is unique to Carillon in many ways. It allows for ungraded enrichment for our entire student-body regardless of student skill level or grade level. The variety of options for our students is immense. Many of our TEAMS utilize numerous community volunteers who are parents, representatives from UCF, or representatives from local businesses.

Through SPACE TEAMS, which have been at Carillon for six school years now, our teachers have reported greater engagement, lower absentee/tardy percentages, and increases in student excitement and motivation. Although SPACE TEAMS are finishing for this school year, we hope it will continue to be something our students look forward to year after year.

Reflecting On What's Coming Up and More!

FSA is Around the Corner

FSA testing is almost here for our 3rd, 4th and 5th grade students. Here are a few tips to support your child at home:

- Have a healthy breakfast with your student.
- Encourage your child each and every morning.
- Remind your child to pace themselves and use time wisely.
- Remind them to remember the strategies they've been taught.
- Remind them to believe in themselves!
- Encourage a love of writing, reading, math and science. Students do better on any test if they like the subject matter.

Carillon's testing schedule and other information can be found on our school website at the link below:

www.carillon@scps.k12.fl.us

What's Ongoing at Carillon?

Carillon Kids Have Big Hearts

Last month, our students participated in the Kids Heart Challenge to benefit the American Heart Association. They set a goal to raise \$3,500 and surpassed that goal to raise over \$4,500! Thank you, Coach Zapata for spearheading the challenge. We look forward to participating again next year.

Carillon's New Life Lab

Carillon's Life Lab, located on the side of the Learning Commons, was funded by a grant through the Foundation for Seminole County Public Schools. The lab consists of a "plant petting zoo" as well as opportunities for students to study the life cycle of plants, fruit, vegetables and frogs. Throughout the year, classes will visit the Life Lab to help with gardening or to study the various plants.

Dates to Know!

- | | |
|--------|--|
| Mar 27 | SPACE TEAMS Share Day |
| 28 | Report Cards Go Home |
| Apr 2 | FSA Writing Grades 4 and 5 |
